ARCADIAN THAMES

A magnificent wallpaper panel, painted by mural artist Melissa White captures the very essence of the Arcadian Thames. Blending elements from archive documents, far reaching views create a poetic scene of heritage and craftsmanship.

HANGING INSTRUCTIONS

This design is made up of three 300cm high drops of wallpaper, supplied and printed as one continuous roll measuring 68.5cm in width. The individual drops are indicated by a cut line for ease of hanging.

Arcadian Thames is printed digitally onto a non-woven base, which is strong and flexible, allowing the wall to be pasted rather than the substrate itself.

The wallcovering can be tailored to room height by removing excess from the top and /or bottom of each length. To achieve the best result we recommend the use of a professional decorator.
