

LOST LANDS

Designed by QEST Scholar and artist Charlie Calder-Potts, Lost Lands is a layered, deeply thoughtful mural that reflects the childhood home as a place of foundation, growth, and magic. Animals hide amongst trees and shrubs, subtle yet evocative, a timeless journey of imagination in these Lost Lands.

LOST LANDS HANGING INSTRUCTIONS

This design consists of three 300cm high drops of wallpaper, printed and supplied as one continuous roll measuring 68.5cm in width.

The individual drops are indicated by a cut line for ease of hanging. The wallcovering can be tailored to room height by removing excess from each length's top and/or bottom.

We recommend hiring a professional decorator experienced in panel style and wide-width papers to achieve the best result.
